ANTHONY PIZZURRO

SOFTWARE ENGINEER

WORK EXPERIENCE

Senior Software Engineer
HubSpot - CMS Developer Experience
Dec 2021 to Jan 2023

Continuously improved the developer experience for those building on the HubSpot CMS. Worked on page rendering infrastructure, React-based development IDE, and local development tools.

Software Engineer
HubSpot - CMS Developer Assets
Dec 2019 to Dec 2021

Created developer-focused tooling and boilerplate projects in order to increase developer time to value. Built a scalable developer documentation site, updated and migrated all content.

Web Developer
HubSpot - CMS Assets
Aug 2016 to Dec 2019

Created a large framework of user friendly website components in addition to many reusable website themes and email templates used by thousands of customers.

Technical Web Designer
HubSpot - Technical Services
Jan 2016 to Aug 2016

QA Development for customers migrating to the HubSpot CMS.

Web Designer / Developer
Millennium Agency
Sept 2015 to Jan 2016

Design and develop websites, landing pages, and email templates to facilitate or compliment campaigns for our clients.
